“What wonderful work you are doing. Interesting arrangements, strong vocals, wonderful playing. Overall, [your songs] are strong and professional in their sound and approach . . . You are a strong writer and arranger and I look forward to hearing more from you in the future.” – *Music Industry A&R Rep*

As an accomplished pianist and award-winning composer, Peter's music has been featured on the stage as well as in media, including the Biography Channel, Discovery, The Learning Channel, MTV, PBS, corporate websites, educational software, interactive museum exhibits, and films. He has produced dozens of music CDs, served in music and worship ministry roles for over three decades, and has coached many musicians in the recording studio and at the piano.

Peter was the grand prize recipient of the 2001 Turner Classic Movies *Young Composer's Competition*, which led to composing music for a featured silent film through TCM. In 2014, Peter was nominated for *Album of the Year* by Whisperings Solo Piano Radio for his album, *Prayerful Improvisations*, featuring original solo piano music and hymns. Since then, Peter has recorded three more albums in this series, including a Christmas album and a Worship album. He also released a classical piano album—*Peaceful Classics*—to help raise awareness and funding for Alzheimer's research.

“I absolutely LOVE [Prayerful Improvisations]! It's fantastic. So very prayerful. I can feel the Holy Spirit in it” (David Nevue, pianist and recording artist).

Peter arranged and orchestrated the music for two original musical dramas by playwright David MacAdam—*Martin Luther: The Hammer and the Door* and *Esther: For Such a Time as This*. He also recorded a three-album solo piano series—*Notes of Comfort*—designed to create a calming and peace-filled atmosphere for those who listen, [which are now available for free download](#). During the COVID-19 pandemic, he completed and recorded (entirely remotely) a seven-movement cantata for choir and orchestra. Peter holds degrees in music from Berklee College of Music and Boston University, yet his most precious accomplishment is being a devoted husband and dad.

Peter's music can be heard on Pandora Radio, Spotify, Whisperings Solo Piano Radio, Apple Music, and Amazon Music. You can also listen to Peter's space music project at [SalvationsWell.com](http://SalvationsWell.com)
